

Adjustable Clamping Lever

stainless steel – grub screw

Clamping Levers

74530

CLAMPING LEVERS

Material

Stainless steel no. 1.4305 (AISI 303), matt shot-blasted. Ball knob DIN 319, plastic black.

Technical Notes

Ideal whenever parts have to be clamped in

a confined space or a particular lever position is required. Pulling the lever, disengages the serrations allowing it to be swivelled to the ideal clamping position. On releasing the lever it will automatically re-engage.
