

Pull Handles - Heavy Duty

aluminium

79200

straight type

off-set type

Material

Handle shank and grip: profiled aluminium AL Mg Si 0,5. Connecting moulded components made of black polyamide with stainless steel pin. Handle shank vibration ground and matte finished. Grip

Technical Notes

Minimum stress resistance 1000N. Handle with tangent bent aluminium shanks, completely assembled.

Tips

For 19" front panels and appliances. Provides high stability under load. Black grips available on request.
