

Lid & Door Stays

N0930

Material

Stainless steel, AISI 304.

Technical Notes

When fully extended stay is mechanically locked. Push locking button in-ward to

release the stay. Universal for right and left hand applications. Easy fitting with M 4 screws or with mounting bracket set - please order separately, see table. Mounting bracket set contains one body bracket

and one arm bracket.

Tips

Mechanical lock makes the stay ideal for applications where shocks, vibration or sudden gusts of wind are present.
